

## Bald Mountain Golf Course

Rated one of the top courses in North Carolina by Golf Channel's Golf Advisor, Bald Mountain was designed by George Cobb (architect of the par-3 course at Augusta National) protégé W.B. Lewis. Checking in at just over 6,300 yards, it is one of the only courses in the region featuring five par 3s and five par 5s. That includes both an opening and closing three-shotter, the 496-yard first hole and 479-yard 18th. Bald Mountain is the ideal complement to Apple Valley offering a decidedly different, yet unforgettable, golf experience.
